

# Getting your vaccine

What will happen when our nurses visit your school ...

1

We need to have vaccines to stop us getting poorly.

2

Our nurses bring the vaccines to your school in a cool bag to keep them at the right temperature.

3

The nurse will get the vaccine ready in a tray. The vaccine medicine is kept inside a syringe.

# Getting your vaccine

What will happen when our nurses visit your school ...

4

You will be brought to see the nurse and they will explain what is going to happen.

5

The nurses will clean their hands using this gel.

6

The vaccine will go into your arm. You will feel a small scratch.

7

The nurse will put the used syringe into this yellow bin.
